

EACR-ESMO Joint Conference

Liquid Biopsies

15 - 17 May 2019 • Bergamo, Italy

EACR European Association
for Cancer Research

ESMO GOOD SCIENCE
BETTER MEDICINE
BEST PRACTICE

This EACR-ESMO Joint Conference will provide a comprehensive overview of liquid biopsies in cancer. It will cover what is already in clinical practice, what is on the horizon for liquid biopsies in cancer patient management and the latest new techniques.

Target audience

Translational scientists, biologists, geneticists, clinical chemists, molecular pathologists, oncologists, patient advocates, primary care (GPs), radiologists, clinical and non-clinical trainees, biotech and diagnostic companies, Pharma, bioengineers.

KEY DEADLINES

Abstract submission
01 March 2019

Bursary application
01 March 2019

Registration
01 April 2019

Topics

- Basic discoveries
- Clinical application using minimally invasive clinical bio-specimens
- Circulating nucleic acids (ctDNA and RNA)
- Circulating tumor cells, exosomes
- Patient-derived models (CDX)
- CTC cultures.
